At 4:30PM on Saturday, March 14, 2020, our worlds flipped upside-down in Beaufort County Schools with Governor Cooper's Executive Order #117 which immediately closed all schools for students. Unfortunately, there was no forecast that Friday, March 13, 2020 would be the last day that students and teachers would be able to interact and embrace with hugs, handshakes, high-fives, fist-bumps, and belly-aching laughter. It was quite surreal walking through school hallways and classrooms that reflected so much teaching, learning, love, and momentum yet suddenly my shoes were the only echoes ping-pong down the hallways on that early Sunday morning. Lesson plans and classroom materials lay in place ready for students to embrace the academic, social, and emotional challenges of another promising Monday and week of school. Our teachers and staff were ready and prepared for the new week before a new normal grew spontaneously within our district, county, region, and state. COVID-19 and the school closures changed all of us.

The necessity for immediate change was so spectacular with such a demand of urgency that the conglomerate of stakeholders responded above and beyond the call for help. I am writing to you, the Beaufort County Schools employees, the family members, the community leaders, the business partners, and the hundreds of others who helped us maintain teaching and learning for our students from March 16th to the final high school graduation ceremony. I am writing to YOU as a measure to say THANK YOU. To our parents and families who became overnight teachers, to our teachers who became overnight Zoom experts as they entered into your homes and workplaces, to the school nutrition teams who prepared meals nearly every single day for our students whether rain or shine, to our local community leaders and business partners who simply asked how you could help, THANK YOU.

As you know, the 2019-2020 school year has concluded. However, the 2020-2021 school year begins on Monday, August 17, 2020 with new recommendations and requirements that will follow suit to ensure the safety and wellness of our students, employees, and community. Beaufort County Schools will continue to follow the guidance of Governor Cooper, the Department of Health and Human Services, and the State Board of Education regarding re-entry plans for the new school year. As summer progresses, please anticipate greater information to follow regarding how Beaufort County Schools shall operate. On behalf of the Beaufort County Board of Education, THANK YOU for supporting our students and schools as we continue to take comfort in the care that you generously provide every single day.

Sincerely,

*Matthew Cheeseman*

# WELCOME TO

WASHINGTON

Washington is a city born, raised and made by the water - bringing an unmatched energy and rural excitement to Coastal Carolina.

Here in Washington, we're home to both the beautiful Pamlico & Tar Rivers, as well as a vibrant & historic downtown, which means we're experts in going from play to date.

Not a foodie or a shopaholic? No problem. We've been told that we've got a whole lot more to offer, starting with our Victorian architecture (#HelloGorgeous). Looking for more than just a pretty facade?

Cuff your jeans and cycle on out to one of our favorite watering holes - our beautiful waterfront boardwalk or Goose Creek State Park - where you'll always find something fun to do.

In need of a few more happy hours? Take in a show at the Historic Turnage Theatre or learn about our estuary system at the world's only Estuarium.

We welcome you to come experience our city. Be energized by our world-class art scene. Become one with our diverse community. Enjoy our melting pot of flavors. And let our unique way of life on the water, inspire yours.

Whatever your genre, we're sure you'll find it here. Consider us Eastern North Carolina's most beautiful little secret.

See you soon!

*Erin Ruyle*

Erin Ruyle  
Director of Tourism & Development  
City of Washington

Whether you are visiting for the first time or trying to decide if this will be your new home I want to personally welcome you to our quaint, waterfront town. We are so glad you chose our town as a place to visit or relocate. As the director of the Chamber for over a decade, I have watched Washington and Beaufort County emerge into a place where commerce is thriving and businesses are a vital piece to the personality of Washington. Each of our businesses have a story to tell and we offer a unique shopping district with restaurants, art galleries, retail and more. Our entrepreneurs make us special and each one contributes to the success of our town and region.

As a native of Washington I have been proud to watch the progress in our business community. I encourage you to visit our wonderful stores and get to know the owners.

They are our biggest advocates of the area and have embraced Washington and what it wants to be. Visit all of our towns in Beaufort County as they each have unique shops and restaurants. We often hear that it is the people that make our town unique. I would agree. Our

people are extraordinary, and we hope that you enjoy meeting them and perhaps decide you want to be a part of our community. Either way we welcome you with a big "Hey Y'all" and we are glad you are here.

# CRABS ON THE MOVE

**'Craig Crab-borne Culinary King'**  
**Crab Park**  
**W. Stewart Parkway**

## *Can you find them all?*

The 'Crabs on the Move project started in 2006. The Pine Needles Garden Club started this venture as a way to give back to the community in Washington. The crab statues were auctioned off to different organizations and businesses at a 'Crab Ball,' a black tie event that was held at the Washington Civic Center. The money raised went to local charities. The crabs were painted and decorated by local artists, then displayed in town. At that time, the statues would be moved to different parts of town on occasion. Thus the 'Crabs on the Move' became the name of the initiative.

Project objectives included providing a marketing tool for tourism, raising money for local charities, tying in with the Estuarium's existing logo, providing an icon for tourists and locals in which to identify Beaufort County, and bringing Beaufort County's first outdoor art exhibit to life - a showcase for our local artists.

The project eventually took a new direction when they were bought by various businesses, organizations, and individuals, (many were repainted) and were placed in permanent spots throughout Washington and Beaufort County.

Here is a list of the crab statues with locations and photographs for families, individuals and other groups can use as a type of 'scavenger hunt' to find and post your pictures.

We hope you enjoy this activity while social distancing.

If we have missed a crab statue, let us know where it is, and we will add it!

## □ VISIT THE WASHINGTON WATERFRONT UNDERGROUND RAILROAD MUSEUM

While there's no denying the very nature of slavery carries the weight of sadness, the museum exemplifies goodness. The stories of freedom seekers and the abolitionists who helped them are full of hope, faith and the promise of a better life. The Washington Waterfront Underground Railroad Museum shares the stories of people helping people.

## □ TAKE A STROLL DOWN MAIN STREET

Main Street, located in historic downtown Washington, is home to restaurants, shops, live music and a large collection of art for sale, from Washington landscapes to stunning pottery and unique glasswork. You may even get to see some of the artists in action.

### INSIDER TIP

*As an outsider, make it a full week to explore. We came only for a couple nights in February and it wasn't nearly long enough. We missed the Hackney and Bill's on Gladden Street along with the Underground Railroad museum. Grub Brothers and Down on Main kept us fueled from the walking tour and the absolutely beautiful boardwalk and waterfront strolls along with all the great little shops along West Main. On our way out of town we stopped at Bill's at Washington Square Mall and also grabbed some cheese biscuits at Mom's Grill. The Estuarium is a must as well. On second thought, two days was long enough to know we will be back for some warmer nights when the waterfront is full of people. — Ed C.*

A Tideland Energy Cooperative

# Tideland EMC

Real People. Real Power.

## We have the blueprints for an energy efficient home.

Air leaks in your home can be hidden in walls, floors, basements and attics, or in your ducts. According to the U.S. Department of Energy, around 30% of heated or cooled air never reaches you. Instead, it leaks behind walls and out the attic or basement. Leaks cost you money on electric bills, and they make you uncomfortable.

Our energy auditors start with a survey to determine observations, behaviors, needs, and desires of the homeowner.

If you don't test, it's just a guess. We look at your home as a system with each component impacting the others. We determine the needs of your unique home, and prioritize recommendations for energy savings. Our home energy audit identifies potential problems and provides access to cash rebates to help you pay for the improvements.\*

Tideland EMC is a proud supporter of the premier retirement communities in Eastern North Carolina.

If you own a home, or plan on building a residence within our service area, call Tideland EMC and get started with a **FREE** energy audit today!
